

Where Do Lake Oswego Residents Work?

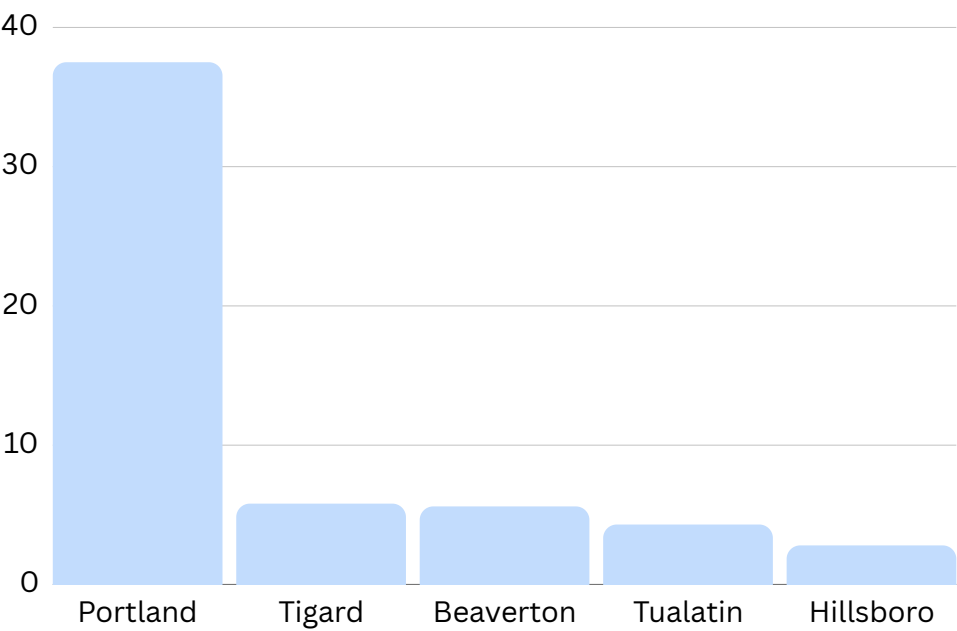

In data from 2020, most Lake Oswego residents commute out of the city for work

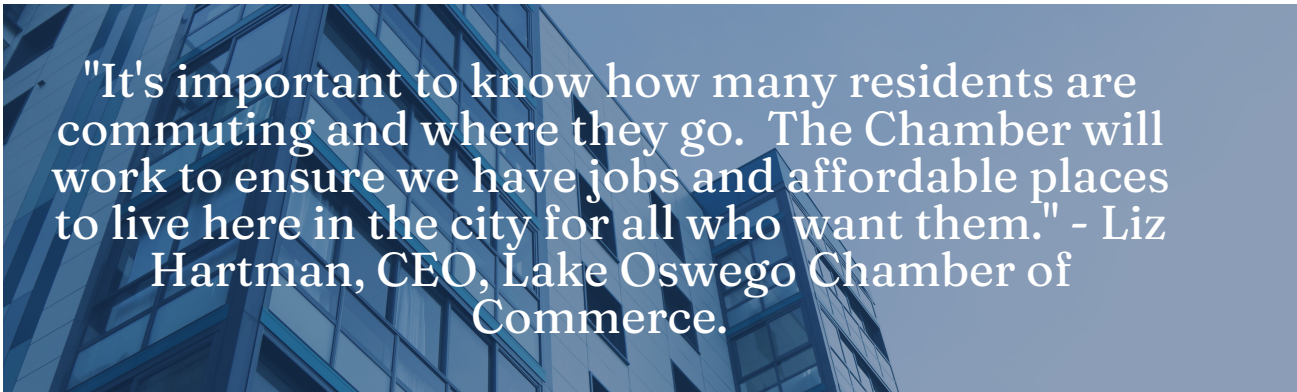

The Overview

The Oregon Employment Department regularly tracks a variety of statistics on where people live and where they work. This data can have an impact on how and where transportation projects are developed, cause mass transit service flexibility and impact policy in a variety of ways.

In Lake Oswego in 2020, most of our residents commuted outside the city to work. While 2,140 residents work right here, more than 14,000 residents left our beautiful city for work that year. The primary destination was Portland, with Tigard, Beaverton, Tualatin and Hillsboro filling out the top 5.
